RESOLUTION OF THE TOWN OF AMHERST INDUSTRIAL DEVELOPMENT AGENCY AUTHORIZING THE CONSTRUCTION AND **EQUIPPING** OF Α **MIXED-USE PROJECT** AND RELATED IMPROVEMENTS BY 1760 MAPLE ROAD, LLC TO BE LOCATED IN THE TOWN OF AMHERST, NEW YORK, FOR LEASE TO THE TOWN OF AMHERST INDUSTRIAL DEVELOPMENT AGENCY AND SUBSEQUENT LEASE OR RECONVEYANCE TO 1760 MAPLE ROAD, LLC, THE EXECUTION OF LEASE AGREEMENTS, MORTGAGE AGREEMENTS, A PILOT AGREEMENT AND THE TAKING OF OTHER ACTIONS.

WHEREAS, the Town of Amherst Industrial Development Agency (the "Agency") is authorized under the laws of the State of New York, and in particular the New York State Industrial Development Agency Act, constituting Title 1 of Article 18-A of the General Municipal Law, Chapter 24 of the Consolidated Laws of New York, as amended, and Section 914-a of the General Municipal Law, as amended (collectively, the "Act"), to promote, develop, encourage and assist in the acquiring, constructing, reconstructing, improving, maintaining, equipping and furnishing of industrial, manufacturing, warehousing, commercial and research facilities and thereby advance the job opportunities, general prosperity and economic welfare of the people of the State of New York and to improve their prosperity and standard of living; and

WHEREAS, 1760 Maple Road, LLC, a New York limited liability company, for itself and/or for related individuals or entities (the "Company"), has submitted an application to the Agency requesting the Agency to undertake a certain project (the "Project") consisting of: (i) the acquisition of a leasehold interest in certain property located at 1760 Maple Road in Amherst, New York (SBL No. 56.19-1-5.11) (the "Premises"); (ii) the construction and equipping of a mixed use project including a four-story mixed use building, a four-story multifamily building and two (2) two-story townhome buildings (including an aggregate of one hundred eighteen (118) residential units, twenty percent (20%) of which will be designated for workforce housing) and related site improvements (collectively, the "Improvements"); and (iii) the acquisition and installation therein, thereon, or thereabout of certain machinery, equipment and related personal property (the "Equipment"); and

**WHEREAS**, the Company submitted an application and other materials and information (collectively, the "<u>Application</u>") to the Agency to initiate the accomplishment of the above; and

WHEREAS, based on the information set forth in the Application, the Project includes facilities or property which will be primarily used in making retail sales (as defined in Section 862(2) of the New York General Municipal Law) to customers who personally visit such facilities, and the Company has represented in the Application that the retail elements of the Project will constitute less than one-third (1/3) of the total project cost; and

**WHEREAS**, the Agency may provide financial assistance to projects that include retail elements if the retail elements do not constitute more than one-third (1/3) of the total project cost; and

WHEREAS, the Application sets forth certain information with respect to the Company and the Project, including the following: that the Company desires Agency financing for the construction

of a mixed-use building, a multifamily buildings and two (2) townhome buildings consisting of one hundred eighteen (118) total units that will include a workforce housing component applicable to twenty percent (20%) of units, and related on-site improvements located at 1760 Maple Road in Amherst, New York for commercial purposes, all at a cost of approximately Thirty-Seven Million Five Hundred Thousand and No/100 Dollars (\$37,500,000.00); that the Company anticipates that two (2) new full-time equivalent jobs will be created as a result of the Project at the end of two (2) years of operation thereof; that the Project will result in substantial capital investment; that if Agency financing is disapproved, the Company would likely not proceed with the Project; and that, therefore, Agency financing is necessary to encourage the Company to proceed with the Project; and

WHEREAS, the Company has submitted additional information to the Agency regarding the Project, including the following: that there is a lack of multifamily housing in the Town of Amherst; that the Project will promote and maintain job opportunities, health, general prosperity and economic welfare of residents in the Town of Amherst and improve their standard of living; and that the Project will generate substantially more annual property taxes than current annual taxes for the Premises as a vacant and unused site; and

WHEREAS, in Opinion of the State Comptroller Number 85-51 ("OSC Op. 85-51"), the State Comptroller opined that the determination of whether a project consisting of the construction of an apartment complex constitutes a commercial activity within the meaning of the Act is to be made based upon all of the facts relevant to the proposed project, and that any such determination should take into account the stated purpose of the Act to promote employment opportunities and prevent economic deterioration; and

WHEREAS, the Agency has reviewed the Application and prepared a written cost-benefit analysis that identifies the extent to which the Project will create permanent, private-sector jobs, the estimated value of any tax exemptions to be provided, the amount of private sector investment generated or likely to be generated by the Project, the likelihood of accomplishing the proposed Project in a timely fashion, the extent to which the proposed Project will provide additional sources of revenue for the municipalities and school district and any other public benefits that might occur as a result of the Project; and

WHEREAS, the Company has agreed, at its sole cost and expense, to provide an off-site community benefit in the form of a financial contribution in the amount of Two Hundred Fifty Thousand and No/100 Dollars (\$250,000.00) toward the construction of a restroom facility to be located in Westwood Park in the Town of Amherst (the "Community Facility"); and

WHEREAS, the Agency retained Camoin Associates ("<u>Camoin</u>") to prepare an independent reasonableness assessment to evaluate whether the financial assistance to be provided by the Agency is necessary for the Project to be financially feasible, and Camoin concluded in its written report that a PILOT is required to meet minimum industry benchmarks for expected equity dividend rates; and

WHEREAS, after the giving of all required notices (including published notice), the Agency held a public hearing on the Project on August 7, 2025, and has considered all oral and written presentations made at or in connection with said public hearing; and

WHEREAS, the Agency desires to encourage the Company with respect to the consummation of the Project, if by doing so it is able to induce the Company to proceed with the Project; and

WHEREAS, the Company will complete the Project by obtaining one or more conventional loans of financing from a third party, and the Company has requested that the Agency execute any and all documents required by the parties, including any collateral mortgages on the Project given to secure a loan(s) obtained by the Company to finance the cost of the Project; and

WHEREAS, the Company has completed and submitted to the Agency Part 1 of an Environmental Assessment Form ("EAF") in accordance with the provisions of the State Environmental Quality Review Act and regulations adopted pursuant thereto (collectively, "SEQRA"); and

**WHEREAS**, the Agency has completed Part 2 of the EAF and has considered the proposed Project and reviewed the EAF and the criteria set forth in SEQRA in order to determine whether the Project will have a significant effect on the environment and wishes to make the findings required of an agency under SEQRA.

# NOW, THEREFORE, THE TOWN OF AMHERST INDUSTRIAL DEVELOPMENT AGENCY HEREBY RESOLVES AS FOLLOWS:

- **Section 1.** The Agency hereby resolves that the proposed Project will not have a significant impact on the environment for the reasons more particularly set forth in the negative declaration prepared by the Agency and, in accordance with SEQRA, adopts such negative declaration with respect to the Project. A copy of the EAF and negative declaration are attached hereto as Exhibit A.
- Section 2. The Project is described in the recitals to this Resolution. The financial assistance to be provided by the Agency in connection with the Project includes: (i) an exemption from sales and use taxes for building materials and machinery, equipment, fixtures and furnishings purchased for incorporation into or use at the Project location having a total cost not to exceed Thirty-Seven Million Five Hundred and No/100 Dollars (\$37,500,000.00); (ii) a mortgage recording tax exemption for one or more mortgages in the aggregate principal amount not to exceed Twenty-Eight Million Two Hundred Thousand and No/100 Dollars (\$28,200,000.00); and (iii) a ten (10) year abatement from real property taxes in accordance with the standard payment in lieu of tax schedule (the "Financial Assistance"). The payment in lieu of tax arrangement shall be set forth in a Payment in Lieu of Real Estate Taxes Agreement to be entered into between the Agency and the Company (the "PILOT Agreement"). In addition to any other covenants, obligations and agreements which may be contained in the Project Documents (as hereinafter defined), the provision by the Agency of the Financial Assistance is made subject to the agreement by the Company to comply with the following covenants and agreements, each of which shall constitute a "Material Factor":
  - (a) Investment of no less than Thirty-One Million Eight Hundred Seventy-Five and No/100 Dollars (\$31,875,000.00) at the Project location as noted in the Application;

- (b) Achievement of two (2) full-time equivalent jobs within two (2) years after Project completion and maintenance of those jobs throughout the term of the PILOT Agreement;
- (c) Compliance with the Agency's Local Labor Policy in connection with the construction of the Project;
- (d) Maintaining twenty percent (20%) of the total housing units as workforce housing for a period of twelve (12) years; and
- (e) Community Contribution, with an accompanying written certification from the Town of Amherst that such requirement has been satisfied.

Section 3. The Agency hereby determines that the Project and the financing thereof by the Agency pursuant to the New York State Industrial Development Agency Act will promote and is authorized by and will be in furtherance of the policy of the State as set forth in said Act. The Agency further determines that the Project is consistent with the Countywide Industrial Development Agency Uniform Tax Exemption Policy. The Agency has reviewed OSC Op. 85-51 and specifically finds that the Project is for a commercial purpose within the meaning of the Act and will promote employment opportunities and prevent economic deterioration in the Town of Amherst. The Project is generally consistent with the policies of the Town of Amherst Bicentennial Comprehensive Plan. The construction of the Project will promote employment opportunities by designating twenty percent (20%) percent of the units for workforce housing to attract and retain residents to live within the Town, which will promote economic growth and improve the neighborhood. The Project will create temporary construction jobs and two (2) full-time equivalent jobs, increase the availability of affordable, multifamily housing in the Town of Amherst, and help prevent economic deterioration through the development of a currently vacant and unused site. A portion of the Project is expected to include facilities or property that are primarily used in making retail sales to customers who personally visit such facilities within the meaning of Section 862(2) of the General Municipal Law. However, based on representations of the Company in the Application, such facilities or property constitute less than one-third (1/3) of the total project cost.

#### **Section 4.** Reserved.

- **Section 5**. The Agency hereby authorizes the Company, as agent for the Agency, to proceed with the Project as herein authorized. The Agency is hereby authorized to acquire an interest in the Project site and the buildings thereon, if any, and to make renovations or additions thereto. The Company is authorized to proceed with the acquisition and construction of the Project as set forth in the Project Agreement, the Agency Lease Agreement or Installment Sale Contract (as hereinafter defined).
- **Section 6**. The Chairman, Vice Chairman, Executive Director, Secretary, Treasurer, and any Assistant Secretary of the Agency, the CEO/CFO and other appropriate officials of the Agency and its agents and employees, are hereby authorized and directed to do and cause to be done any and all acts and things necessary or proper for carrying out this Resolution and to complete the Project in cooperation with the Company.
- **Section 7.** The Company is authorized, as agent of the Agency, to initiate the construction of the Project, and the acquisition of machinery and equipment which will be a part thereof or will be

used in connection therewith, and to advance such funds as may be necessary to accomplish such purposes. The designation of the Company as agent hereunder is limited to purchases of sales-taxable tangible personal property and services in connection with the Project which do not exceed a total cost of Fifteen Million Two Hundred Thousand and No/100 Dollars (\$15,200,000.00) and shall not apply to any other purchase by the Company or any operating expenses of the Company. The Company shall report to the Agency, at such times as the Agency shall require, or as may otherwise be prescribed by the Commissioner of the New York State Department of Taxation and Finance (the "Commissioner"), the value of all sales and use tax exemptions claimed by the Company or agents of the Company or any operators of the Project, including, but not limited to, consultants or subcontractors of such agents or Project operators under the authority granted pursuant to this Resolution. A failure to report may result in the revocation of the designation of the Company as agent and repayment of any sales and use tax exemptions claimed.

Section 8. The Agency is hereby authorized to enter into a project agreement with respect to the provision of the Financial Assistance authorized herein (the "Project Agreement"), to acquire an interest in the Project site and construct a facility thereon, and execute and deliver a lease by the Company to the Agency (the "Company Lease"), an Agency Lease Agreement (the "Agency Lease Agreement") or Installment Sale Contract (the "Installment Sale Contract") between the Agency and the Company, the PILOT Agreement, and such other documents as may be necessary to fulfill the intent of the parties to the transaction (collectively, the "Project Documents"), in a form satisfactory to Agency counsel. The Chairman, Vice Chairman, Executive Director, Secretary, Treasurer, or any Assistant Secretary are each authorized to execute such documents and to make or approve such amendments or modifications to the Project Agreement, Company Lease, the Agency Lease Agreement, Installment Sale Contract, the PILOT Agreement and such other documents executed and delivered in connection therewith as they deem necessary under the circumstances provided, however, that such modifications do not materially alter the risk to the Agency.

**Section 9**. The Agency is hereby authorized to execute and deliver to the lender(s) one or more collateral mortgages on the Project given to secure conventional loans to finance the cost of the Project, and such other documents as may be necessary to fulfill the intent of the parties to the transaction in a form satisfactory to Agency counsel provided that the aggregate amount of such mortgages subject to the Agency exemption shall not exceed Twenty-Eight Million Two Hundred Thousand and No/100 Dollars (\$28,200,000.00). The Chairman, Vice Chairman, Executive Director, Secretary, Treasurer, and any Assistant Secretary are each authorized to execute such collateral mortgages and to make or approve such amendment(s) or modifications to such collateral mortgages and other documents executed and delivered in connection therewith as they may deem necessary under the circumstances, provided, however, that such modifications do not materially alter the risk to the Agency.

**Section 10**. Any such action heretofore taken by the Company initiating the acquisition, installation and construction of the Project is hereby ratified, confirmed and approved.

**Section 11**. Any expenses incurred by the Agency with respect to the Project and the financing thereof shall be paid by the Company. By acceptance hereof, the Company agrees to pay such expenses and further agrees to indemnify the Agency, its members, employees and agents and hold the Agency and such persons harmless against claims for losses, damage or injury or any

expenses or damages incurred as a result of action taken by or on behalf of the Agency with respect to the Project and the financing thereof.

Section 12. In the event a lease is not executed between the Company and the Agency by the expiration date of this Resolution (as such date may be extended as provided herein) or the termination of this Resolution, the Company shall then be required to pay all sales taxes which would have been levied in connection with the acquisition, construction and installation of all improvements to the real property and the machinery and equipment which constitute the Project, as if the Agency did not have an interest in the Project from the date the Company commenced its acquisition, construction and installation. In addition, in the event, because of the involvement of the Agency, the Company claims an exemption from state sales or use tax in connection with the Project, and such exemption is claimed with respect to property or services not authorized hereunder, or which exemption is in excess of the amounts authorized hereunder, or is otherwise not permitted under this Resolution, or if the Company shall fail to comply with a material term or condition regarding the use of property or services acquired by the Company as agent for the Agency as set forth in this Resolution or in any document authorized hereunder, then the Company shall be required to remit to the Agency an amount equal to the amount of state sales and use taxes for which such exemption was improperly claimed. A failure to remit such amounts may result in an assessment against the Company by the Commissioner of state sales and use taxes, together with any relevant penalties and interest.

In addition to the foregoing, in the event the Agency determines that Company is in violation of a Material Factor, or in the event that the Company closes the Project or relocates its operations to a location outside of the Town of Amherst within the time period during which the Company is receiving Financial Assistance from the Agency or in the event the Agency determines, in its judgment, that the Company knowingly and intentionally submitted false or intentionally misleading information in its application to the Agency or in any report or certification submitted to the Agency for the purpose of obtaining or maintaining any Financial Assistance from the Agency (each referred to herein as a "Recapture Event"), the Agency may, in accordance with its policies and procedures then in effect, (i) revoke the designation of the Company and any agents of the Company (including, but not limited to, consultants, subcontractors or equipment lessors of the Company) as agents for the Agency in connection with the Project and terminate the exemption from New York State and local sales and use taxes conferred with respect to the Project and/or (ii) require that the Company, commencing with the tax fiscal year next following such Recapture Event make payments in lieu of taxes on the Project with respect to all applicable taxing authorities in such amounts as would be payable as real estate taxes levied on the Project if the Agency did not have an interest in the Project or otherwise modify the amount or terms of any Financial Assistance being provided by the Agency in connection with the Project and/or (iii) require that the Company pay to the Agency an amount equal to all or a portion (as determined by the Agency in its discretion) of the total value of (x) all sales tax exemptions claimed by the Company and any agents of the Company, including, but not limited to, consultants, subcontractors, or any equipment lessors of the Company under the authority granted under this Resolution and the Project Agreement, (y) any exemption from mortgage recording tax received by reason of the Agency's involvement with the Project, and/or (z) any exemption from real property taxes received by reason of the Agency's leasehold interest in the Project. If the Agency makes any of the foregoing determinations and requires a repayment of all or a portion of the Financial Assistance received by the Company, the Company shall (i) cooperate with the Agency

in its efforts to recover or recapture any or all Financial Assistance obtained by the Company and (ii) promptly pay over any or all such amounts to the Agency that the Agency demands in connection therewith. Upon receipt of such amounts, the Agency shall then redistribute such amounts to the appropriate affected tax jurisdiction(s) unless otherwise agreed to by any affected tax jurisdiction.

- Section 13. The Agency has not made and makes no representation or warranty whatsoever, either express or implied, with respect to the merchantability, condition, environmental status, fitness, design, operation or workmanship of any part of the Project, its fitness for any particular purpose, the quality or capacity of the materials in the Project, or the suitability of the Project for the Company's purposes or needs. The Company is satisfied that the Project is suitable and fit for its purposes. The Agency shall not be liable in any manner whatsoever to anyone for any loss, damage or expense of any kind or nature caused, directly or indirectly, by the Project property or the use or maintenance thereof or the failure of operation thereof, or the repair, service or adjustment thereof, or by any delay or failure to provide any such maintenance, repairs, service or adjustment, or by any interruption of service or loss of use thereof or for any loss of business howsoever caused, and the Company hereby indemnifies and holds the Agency harmless from any such loss, damage or expense.
- **Section 14.** Should the appropriate officers of the Agency determine, in their absolute discretion, that there is reason to believe that the activities of any past or present owner or operator of the Premises have resulted in the generation of any "hazardous substance" (as the term has been defined from time to time in any applicable federal or state law, rule or regulation), or that any party has stored, disposed or released any such substance on the Premises or within a one (1) mile radius thereof, the Agency shall be under no obligation to enter into a lease as contemplated by this Resolution.
- **Section 15**. No covenant, stipulation, obligation or agreement herein contained or contained in the Project Documents, or other documents, nor the breach thereof, shall constitute or give rise to or impose upon the Agency a pecuniary liability or a charge upon its general credit, nor shall be deemed to be a covenant, stipulation, obligation or agreement of any member, officer, agent or employee of the Agency in his or her individual capacity.
- **Section 16**. Should the Agency's participation in the Project be challenged by any party, in the courts or otherwise, the Company shall defend, indemnify and hold harmless the Agency and its members, officers and employees from any and all losses arising from any such challenge including, but not limited to, the fees and disbursements of the Agency's counsel. Should any court of competent jurisdiction determine that the Agency is not authorized under Article 18-A of the General Municipal Law to participate in the Project, this Resolution shall automatically become null, void and of no further force and effect (except for the obligations in this Section 16), and the Agency shall have no liability to the Company hereunder or otherwise.
- **Section 17**. This Resolution shall take effect immediately and shall continue in full force and effect for one (1) year from the date hereof and on or after such one (1) year anniversary, the Agency may, at its option (a) terminate the effectiveness of this Resolution (except with respect to the obligations of the Company pursuant to Sections 11, 12 and 16 of this Resolution which shall survive any expiration or termination) or (b) allow the Company additional time in which to close the

transactions contemplated by this Resolution based upon affirmative actions taken by the Company to complete such transactions. Upon any allowance of additional time to close, the Agency may charge the Company an extension fee in accordance with the Agency's fee schedule.

Section 18. Certain construction work done under contract in connection with financial assistance from the Agency may be subject to the requirements of Section 224-a of the Labor Law of the State, including without limitation the requirement that such construction be subject to the prevailing wage requirements of Sections 220 and 220-b of the Labor Law. In addition, such construction work may be required by Section 224-a of the Labor Law to comply with the objectives and goals of minority and women-owned business enterprises pursuant to Article 15-A of the Executive Law and service-disabled veteran-owned business pursuant to Article 17-B of the Executive Law. The Company acknowledges receipt of notice pursuant to Section 224-a(8)(d) of the Labor Law that the sales and use tax exemption benefit amount referred to in Section 8.5(d) and real property tax benefit amount referred to herein are "public funds" and not otherwise excluded under Section 224-a(3) of the New York Labor Law. The Company represents and warrants that it understands the requirements of Section 224-a of the Labor Law and the applicability of such requirements to the Project and shall comply therewith.

**Section 19.** This Resolution is subject to the Company's receipt of all necessary municipal approvals in connection with the Project and compliance with all local building and zoning requirements.

Full Environmental Assessment Form Part 1 - Project and Setting Prepared By: Sean Hopkins, Esq. Hopkins Sorgi & McCarthy PLLC 35 California Drive, Suite 100 Williamsville, NY 14221 Tel: 716.510-4338 E-mail: shopkins@hsmlegal.com

#### **Instructions for Completing Part 1**

**Part 1 is to be completed by the applicant or project sponsor.** Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

acres of aquatic vegetation proposed to be removed:	
expected acreage of aquatic vegetation remaining after project completion:	
• purpose of proposed removal (e.g. beach clearing, invasive species control, boat access):	
proposed method of plant removal:	
if chemical/herbicide treatment will be used, specify product(s):	
p. Describe any proposed reclamation/mitigation following disturbance:	
Will the proposed action use, or create a new demand for water?	□ Yes □ No
Yes:	
i. Total anticipated water usage/demand per day: gallons/day ii. Will the proposed action obtain water from an existing public water supply?	□ Yes □ No
Yes:	
Name of district or service area:	
<ul> <li>Does the existing public water supply have capacity to serve the proposal?</li> </ul>	□ Yes □ No
<ul> <li>Is the project site in the existing district?</li> </ul>	□ Yes □ No
<ul> <li>Is expansion of the district needed?</li> </ul>	□ Yes □ No
<ul> <li>Do existing lines serve the project site?</li> </ul>	□ Yes □ No
i. Will line extension within an existing district be necessary to supply the project?	□ Yes □ No
Yes:	
Describe extensions or capacity expansions proposed to serve this project:	
Source(s) of supply for the district:	
v. Is a new water supply district or service area proposed to be formed to serve the project site?  Yes:	□ Yes □ No
Applicant/sponsor for new district:	
Date application submitted or anticipated:	
Proposed source(s) of supply for new district:	
v. If a public water supply will not be used, describe plans to provide water supply for the project:	
i. If water supply will be from wells (public or private), what is the maximum pumping capacity:	_ gallons/minute.
Will the proposed action generate liquid wastes?	□ Yes □ No
Yes:	
Total anticipated liquid waste generation per day: gallons/day	11 1
i. Nature of liquid wastes to be generated (e.g., sanitary wastewater, industrial; if combination, describe a approximate volumes or proportions of each):	
approximate volumes of proportions of each).	
i. Will the proposed action use any existing public wastewater treatment facilities?  If Yes:	□ Yes □ No
Name of wastewater treatment plant to be used:	
Name of district:	
<ul> <li>Does the existing wastewater treatment plant have capacity to serve the project?</li> </ul>	□ Yes □ No
• Is the project site in the existing district?	□ Yes □ No
• Is expansion of the district needed?	$\square$ Yes $\square$ No

<ul> <li>Do existing sewer lines serve the project site?</li> </ul>	□ Yes □ No
• Will a line extension within an existing district be necessary to serve the project?	□ Yes □ No
If Yes:	
Describe extensions or capacity expansions proposed to serve this project:	
	<u></u>
iv. Will a new wastewater (sewage) treatment district be formed to serve the project site?  If Yes:	□ Yes □ No
Applicant/sponsor for new district:	
Date application submitted or anticipated:	
• What is the receiving water for the wastewater discharge?	
v. If public facilities will not be used, describe plans to provide wastewater treatment for the project, including spereceiving water (name and classification if surface discharge or describe subsurface disposal plans):	cifying proposed
vi. Describe any plans or designs to capture, recycle or reuse liquid waste:	
e. Will the proposed action disturb more than one acre and create stormwater runoff, either from new point	□ Yes □ No
sources (i.e. ditches, pipes, swales, curbs, gutters or other concentrated flows of stormwater) or non-point source (i.e. sheet flow) during construction or post construction?  If Yes:	140
i. How much impervious surface will the project create in relation to total size of project parcel?  Square feet or acres (impervious surface)  Square feet or acres (parcel size)	
ii. Describe types of new point sources.	
iii. Where will the stormwater runoff be directed (i.e. on-site stormwater management facility/structures, adjacent groundwater, on-site surface water or off-site surface waters)?	properties,
If to surface waters, identify receiving water bodies or wetlands:	
Will stormwater runoff flow to adjacent properties?  iv. Does the proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwater?	□ Yes □ No
f. Does the proposed action include, or will it use on-site, one or more sources of air emissions, including fuel	□ Yes □ No
combustion, waste incineration, or other processes or operations?	= 1 <b>c</b> 5 = 110
If Yes, identify:	
i. Mobile sources during project operations (e.g., heavy equipment, fleet or delivery vehicles)	
ii. Stationary sources during construction (e.g., power generation, structural heating, batch plant, crushers)	
iii. Stationary sources during operations (e.g., process emissions, large boilers, electric generation)	
g. Will any air emission sources named in D.2.f (above), require a NY State Air Registration, Air Facility Permit, or Federal Clean Air Act Title IV or Title V Permit?	□ Yes □ No
If Yes:  i. Is the project site located in an Air quality non-attainment area? (Area routinely or periodically fails to meet	□ Yes □ No
ambient air quality standards for all or some parts of the year)	
ii. In addition to emissions as calculated in the application, the project will generate:	
•Tons/year (short tons) of Carbon Dioxide (CO <sub>2</sub> )	
•Tons/year (short tons) of Nitrous Oxide (N <sub>2</sub> O)	
•Tons/year (short tons) of Perfluorocarbons (PFCs)	
<ul> <li>Tons/year (short tons) of Sulfur Hexafluoride (SF<sub>6</sub>)</li> <li>Tons/year (short tons) of Carbon Dioxide equivalent of Hydroflourocarbons (HFCs)</li> </ul>	
Tons/year (short tons) of Caroon Dioxide equivalent of Hydroflourocarbons (HFCs)      Tons/year (short tons) of Hazardous Air Pollutants (HAPs)	

h. Will the proposed action generate or emit methane (included landfills, composting facilities)?  If Yes:		□ Yes □ No
<ul><li>i. Estimate methane generation in tons/year (metric):</li><li>ii. Describe any methane capture, control or elimination mean electricity, flaring):</li></ul>	asures included in project design (e.g., combustion to go	enerate heat or
Will the proposed action result in the release of air pollutar quarry or landfill operations?  If Yes: Describe operations and nature of emissions (e.g., die proposed in the proposed in the release of air pollutary quarry or landfill operations?  If Yes: Describe operations and nature of emissions (e.g., die proposed in the release of air pollutary quarry or landfill operations?		□ Yes □ No
j. Will the proposed action result in a substantial increase in new demand for transportation facilities or services?  If Yes:  i. When is the peak traffic expected (Check all that apply):  □ Randomly between hours of to to	☐ Morning ☐ Evening ☐ Weekend 	□ Yes □ No
<ul> <li>iii. Parking spaces: Existing</li></ul>	ting roads, creation of new roads or change in existing vailable within ½ mile of the proposed site? ortation or accommodations for use of hybrid, electric	Yes No
<ul> <li>k. Will the proposed action (for commercial or industrial profor energy?</li> <li>If Yes: <ul> <li>i. Estimate annual electricity demand during operation of the ii. Anticipated sources/suppliers of electricity for the project other):</li> <li>iii. Will the proposed action require a new, or an upgrade, to</li> </ul> </li> </ul>	t (e.g., on-site combustion, on-site renewable, via grid/le	
Hours of operation. Answer all items which apply.     i. During Construction:	<ul> <li>ii. During Operations:</li> <li>Monday - Friday:</li></ul>	

m. Will the proposed action produce noise that will exceed existing ambient noise levels during construction,	□ Yes □ No
operation, or both? If yes:	
i. Provide details including sources, time of day and duration:	
<i>ii</i> . Will the proposed action remove existing natural barriers that could act as a noise barrier or screen?	□ Yes □ No
Describe:	
n. Will the proposed action have outdoor lighting? If yes:	□ Yes □ No
<ul><li>i. Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures:</li></ul>	
ii. Will proposed action remove existing natural barriers that could act as a light barrier or screen?	□ Yes □ No
Describe:	
o. Does the proposed action have the potential to produce odors for more than one hour per day?	□ Yes □ No
If Yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest	
occupied structures:	
p. Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons)	□ Yes □ No
or chemical products 185 gallons in above ground storage or any amount in underground storage?	
If Yes:	
<ul><li>i. Product(s) to be stored</li></ul>	
iii. Generally, describe the proposed storage facilities:	
q. Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides,	□ Yes □ No
insecticides) during construction or operation?  If Yes:	
<i>i.</i> Describe proposed treatment(s):	
ii. Will the proposed action use Integrated Pest Management Practices?	□ Yes □ No
r. Will the proposed action (commercial or industrial projects only) involve or require the management or disposal of solid waste (excluding hazardous materials)?	□ Yes □ No
of solid waste (excluding nazardous materials)?  If Yes:	
i. Describe any solid waste(s) to be generated during construction or operation of the facility:	
• Construction: tons per (unit of time)	
<ul> <li>Operation: tons per (unit of time)</li> <li>ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste:</li> </ul>	
Construction:	
Operation:	
iii. Proposed disposal methods/facilities for solid waste generated on-site:	
Construction:	
Operation:	

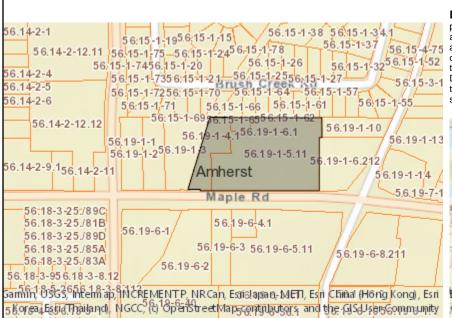

s. Does the proposed action include construction or modification of a solid waste management facility?  □ Yes □ No  If Yes:  i. Type of management or handling of waste proposed for the site (e.g., recycling or transfer station, composting, landfill, or				
other disposal activities):				
<ul> <li>Tons/month, if transfer or other non-c</li> <li>Tons/hour, if combustion or thermal t</li> </ul>		ent, or		
iii. If landfill, anticipated site life:				
t. Will the proposed action at the site involve the commer waste?		storage, or disposal of hazarde	ous □ Yes □ No	
If Yes:  i. Name(s) of all hazardous wastes or constituents to be	generated, handled or ma	naged at facility:		
ii. Generally describe processes or activities involving h	azardous wastes or constit	uents:		
iii. Specify amount to be handled or generated to iv. Describe any proposals for on-site minimization, recommendation and the control of the control		us constituents:		
v. Will any hazardous wastes be disposed at an existing If Yes: provide name and location of facility:			□ Yes □ No	
If No: describe proposed management of any hazardous v	wastes which will not be so	ent to a hazardous waste facilit	y:	
E. Site and Setting of Proposed Action				
E.1. Land uses on and surrounding the project site				
a. Existing land uses.  i. Check all uses that occur on, adjoining and near the  □ Urban □ Industrial □ Commercial □ Resid  □ Forest □ Agriculture □ Aquatic □ Other  ii. If mix of uses, generally describe:	ential (suburban)   Ru			
<u></u>				
b. Land uses and covertypes on the project site.				
Land use or Covertype	Current Acreage	Acreage After Project Completion	Change (Acres +/-)	
Roads, buildings, and other paved or impervious surfaces		- cogara con-p	(	
• Forested				
Meadows, grasslands or brushlands (non- agricultural, including abandoned agricultural)				
Agricultural     (includes active orchards, field, greenhouse etc.)				
Surface water features				
(lakes, ponds, streams, rivers, etc.)				
Wetlands (freshwater or tidal)				
Non-vegetated (bare rock, earth or fill)				
Other     Describe:				

day care centers, or group homes) within 1500 feet of the project site?  If Yes.  i. Identify Facilities:  e. Does the project site contain an existing dam?  feet Dam height: Dam length: Dam length: Dam length: Dam length: Dam leasting hazard classification:  iii. Provide date and summarize results of last inspection:  f. Has the project site ever been used as a municipal, commercial or industrial solid waste management facility?  If Yes:  i. Has the facility been formally closed?  If Yes, cite sources/documentation:  iii. Describe the location of the project site relative to the boundaries of the solid waste management facility:  iiii. Describe any development constraints due to the prior solid waste activities:  g. Have hazardous wastes been generated, treated and/or disposed of at the site, or does the project site adjoin property which is now or was at one time used to commercially treat, store and/or dispose of hazardous waste?  If Yes:  i. Describe waste(s) handled and waste management activities, including approximate time when activities occurred:  h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site?		
day care centers, or group homes) within 1500 feet of the project site?  If Yes.  I. Identify Facilities:		□ Yes □ No

# SEQR Negative Declaration

# NOTICE OF DETERMINATION OF NON-SIGNIFICANCE

Lead Agency:

Town of Amherst

Project:

SP-2023-06

Planning Board

Address:

5583 Main Street

Date:

October 19, 2023

Williamsville, NY 14221

(716) 631-7051

This notice is issued pursuant to Part 617 and Local Law #3-82, as amended, of the implementing regulations pertaining to Article 8 (State Environmental Quality Review) of the Environmental Conservation Law.

The Lead Agency has determined that the proposed action described below will not have a significant adverse effect on the environment.

Title of Action:

Site Plan Review

**SEQR Status:** 

Unlisted Action

**Description of Action:** 

A mixed use project consisting of two four-story mixed use buildings totaling 139,680± square feet with 7,000 sq. ft. of commercial space on the first floor of the easterly building and 107 total apartment units for lease in the two buildings, two two-story townhome buildings with attached garages totaling 11 units and three ten car garage structures. Parking is proposed for 188 vehicles with two curb cuts to Maple Road. Work will include the site improvements not specifically stated above, including, stormwater, utilities, grading, lighting, paving, and

landscaping.

Location:

1720, 1740 & 1760 Maple Road, Amherst, Erie County

Petitioner:

PB Investors, LLC

Negative Declaration, SP-2023-06 October 19, 2023 Page 2

#### REASONS SUPPORTING THIS DETERMINATION

CAT 26 M2 & 10 A P ROW

Based on information submitted by the applicant including a Full Environmental Assessment Form (EAF) - Part I, (as amended) and a complete site plan application, a preliminary staff analysis was undertaken. Compared to the criteria listed in Section 617.7, all indications are that this action will not have a significant impact on the environment, as follows:

- 1. The project is not expected to cause a substantial adverse change in existing air quality, ground or surface water quality or quantity, or noise levels; a substantial increase in solid waste production; or a substantial increase in the potential for erosion, flooding, leaching or drainage problems. The Engineering Department (Assistant Town Engineer, Engineering Services Division and Stormwater Management Officer) on October 17, 2023, October 16, 2023, and October 18, 2023 reviewed the Grading, Drainage and Utility Plans submitted on October 10, 2023, Engineer's Report submitted on October 10, 2023, Erosion Control Plan submitted on October 10, 2023 and Geotechnical Report prepared by Barron & Associates, PC dated January 9, 2009. The Stormwater Pollution Prevention Plan (SWPPP) submitted on August 21, 2023 was also reviewed. Based on its review of these documents, the Department has determined that the project has or will have met all applicable requirements and has no objection to its approval.
- 2. The project will not result in the removal or destruction of large quantities of vegetation or fauna; or in significant adverse impacts to fish or wildlife species, habitats or other natural resources. The Planning Department reviewed a Landscape Plan submitted on October 10, 2023 and determined that it meets or exceeds Zoning Ordinance requirements for greenspace. The Landscape Plan has or will have met all Zoning Ordinance and Town requirements for landscaping.
- 3. The project is not expected to create any substantive conflict with the Town Comprehensive Plan. The Town amended its Comprehensive Plan on July 25, 2022 to permit mixed uses, and subsequently rezoned the subject property to permit the subject project.
- 4. The project is within an area identified by the State as having potential archaeological or historical significance. The NYS Office of Parks, Recreation and Historic Preservation has reviewed the project and, as stated in their letter of September 22, 2023 determined that there will be no impact on these resources.
- 5. The project will not impair the character or quality of important aesthetic resources or of existing community or neighborhood character. The project is located in the Deep Corridor 5 (DC-5) zoning district; neighboring uses are, Office, Multi-family and single family and zoned Office Building District (OB), Community Facilities District (CF), Multi-family Residential district Seven (MFR-7) and Residential District Three (R-3); therefore, the project is consistent with surrounding land use.

Negative Declaration, SP-2023-06 October 19, 2023 Page 3

- 6. The proposed subject development includes two four-story mixed use buildings totaling 139,680± and 107 apartment units, and 11 townhomes which will not cause a major change in the use of either the quantity or type of energy.
- 7. The project will not create any hazard to human health. The Fire Chief's Association on October 19, has reviewed the project and has no objection to the approval of the site plan, as all requirements of this agency has or will have been met.
- 8. The project will not cause a change in the use, or intensity of use, of land including agricultural, open space or recreational resources, or in its capacity to support existing uses. The two four-story mixed use buildings totaling 139,680± square feet with 7,000 sq. ft. of commercial space on the first floor of the easterly building and 107 total apartment units for lease in the two buildings which are located along the Maple Road frontage of the parcel with two, two-story townhome buildings with attached garages and three ten car garage structures located on the northerly portion of the site between the four story building and adjacent residential district and therefore will be consistent with the scale of surrounding land uses.
- 9. The function of the proposed 7,000 sq. ft. of commercial space and 118 leased units will increase the number of people using the site over its previous level of use.
- 10. Review of the Traffic Impact Study (TIS) prepared by SRF Associates dated August 23, 2022 and submitted to the Planning Department on August 21, 2023 and reviewed by the Town Traffic/Safety Board on September 7, 2023 indicates that significant negative traffic impacts are not expected to result from the proposed project.
- 11. A coordinated review of the project has been undertaken by Town Departments, in addition to those mentioned above, Highway on September 25, 2023, Assessor on August 30, 2023, Plumbing Division on October 12, 2023, and Right-of-Way Agent on August 28, 2023 along with outside agency New York State Office of Parks, Recreation and Historic Preservation on September 22, 2023. These reviews have not identified any significant environmental issues and indicate that the proposal will not have a significant damaging impact on the environment.
- 12. Issues not specifically mentioned above and/or those not specifically reviewed were not raised by Town departments, outside agencies or the public and are not determined to cause significant negative environmental impacts.

WHEREAS, the Town of Amherst Planning Board on Thursday, October 19, 2023 held a public hearing on a Site Plan for a mixed use project consisting of two four-story buildings totaling 139,680±, 11 townhomes and 107 apartment units, and

WHEREAS, the Planning Board reviewed the plans and specifications for the proposed project, and

WHEREAS, the Site Plan was referred to the Town's various review agencies, and

WHEREAS, the site and building plans were reviewed by the Town's Design Advisory Board and their recommendations were provided, and

WHEREAS, in accordance with Section 8-7-8 of the Zoning Ordinance, the Planning Board finds that:

- A. The site plan includes usable space for active and passive recreation, including pedestrian connections.
- B. The site plan does not include open space lands for public ownership and use offered for dedication or other disposition to the Town or other public entity.
- C. School sites and facilities are adequate to accommodate the proposed site plan.
- D. The site plan includes the extension of private streets to adjacent properties.

WHEREAS, in accordance with Section 8-7-9 of the Zoning Ordinance, the Planning Board finds that:

- A. The proposed site plan is consistent with the development plan if one is required.
- B. The proposed site plan is consistent with the purpose and specific requirements of the Zoning Ordinance and generally consistent with the policies of the Comprehensive Plan.
- C. Adequate services and utilities will be available prior to occupancy.
- D. The site plan is consistent with all other applicable laws.

- E. Pursuant to Local Law #3-82, as amended, the Planning Board has determined that the requirements of SEQR are complete and that the subject proposal is not expected to have a significant adverse effect on the environment.
- F. Review by the US Army Corps of Engineers under Section 404 of the Clean Water Act may be waived as no potential regulated wetlands were identified on the project site as stipulated in the Earth Dimensions, Inc. letter dated October 12, 2022.

NOW THEREFORE BE IT RESOLVED that in accordance with 6 NYCRR, Part 617 and Local Law #3-82, as amended, the Planning Board has issued a Negative Declaration attached hereto, and

BE IT FURTHER RESOLVED that the Planning Board, in accordance with Section 8-7 of the Zoning Ordinance approves said Site Plan subject to the following conditions:

- 1. That the consideration of signs is specifically excluded from this approval as they require a separate review and approval by the Town.
- 2. That all dumpsters/trash containers and all mechanical equipment, utility structures, multiple meter boards, generators, and similar appurtenances, including those which are mounted on any part of a primary structure shall be appropriately screened with a fence, wall, and/or landscaping. Provide gate on dumpster enclosure that shall be closed whenever dumpster is not being serviced, enclosure shall be high enough to screen the dumpster(s) within.
- 3. That as-built record drawings, including location of utilities, be provided to the Engineering Department prior to issuance of a Certificate of Occupancy by the Building Department.
- 4. That the rezoning of the subject site from R3 and OB to DC-5 (Z-2022-08 be finalized prior to issuance of an approved site plan drawing set by the Planning Department.
- 5. That the properties located at 1720, 1740 and 1760 Maple Road be merged into a single parcel as stipulated in the Assessor's Office letter dated August 30, 2023 prior to issuance of an approved site plan drawing set by the Planning Department.
- 6. That the 50 foot wide drainage easement to the Town of Amherst along the western portion of the subject site be approved and filed copies be provided to the Planning Department prior to issuance of an approved site plan drawing set by the Planning Department.

#### **PETITIONER**

#### **PROPERTY LOCATION**

- 7. That the reciprocal agreement for the shared use of common and or shared facilities between the subject site and the site located at 1800 Maple Road be approved and filed copies be provided to the Planning Department prior to issuance of an approved site plan drawing set by the Planning Department.
- 8. That a minor site plan be submitted and approved for changes to the site located at 1800 Maple Road shown to be implanted as part of the subject site plan prior to issuance of an approved site plan drawing set by the Planning Department.
- 9. That an address plan for the development be submitted and approved and incorporated into the approved site plan drawing set issued by the Planning Department.
- 10. That the concerns raised in the Traffic Safety Board's letter dated September 7, 2023 be addressed to the satisfaction of that board.
- 11. That the requirements in the Town's Stormwater Managements Officer's letter dated October 18, 2023 be addressed to the satisfaction of that officer.
- 12. That the revisions requested in the Amherst Fire Chiefs' Association letter dated October 19, 2023 be made to the satisfaction of the association.
- 13. That the concerns and requirements raised in the Engineering Department letter dated October 17, 2023 relating to sanitary sewer service be address to the satisfaction of the Town Engineer.
- 14. That the requirements in the Engineering Services Division letter dated October 16, 2023 are complied with.
- 15. That the Zoning Enforcement Officer's comments in the Planning Department letter dated October 18, 2023 be addressed to the satisfaction of that officer.
- 16. That the departmental comments in the Planning Department letter dated October 18, 2023 be addressed to the satisfaction of that department.
- 17. That the Town's Landscape Architect's comments in the Planning Department letter dated October 18, 2023 be addressed to the satisfaction of the architect.
- 18. That the recommendations of the Design Advisory Board relative to building design be incorporated into the approved site plan drawing set issued by the Planning Department
