#### **INDEPENDENT AUDITOR'S REPORT**

March 1, 2021

To the Board of Directors of the Town of Amherst Industrial Development Agency:

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the Town of Amherst Industrial Development Agency (the Agency), a discretely presented component unit of the Town of Amherst, New York, as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

100 Corporate Parkway Suite 200 Amherst, New York 14226 p (716) 250-6600 f (716) 250-6605

#### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Agency as of December 31, 2020 and 2019, and the changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Agency's basic financial statements. Schedules 1 and 2 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

These schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated March 1, 2021 on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control over financial reporting and compliance.

### Management's Discussion and Analysis (Unaudited) December 31, 2020 and 2019

The following Management's Discussion and Analysis (MD&A) of the Town of Amherst Industrial Development Agency's (the Agency) financial position provides an overview of the Agency's financial activities for the years ended December 31, 2020 and 2019. The MD&A should be read in conjunction with the Agency's financial statements and related notes, which follow the MD&A.

### FINANCIAL HIGHLIGHTS

- The assets of the Agency exceeded its liabilities at December 31, 2020 and 2019 by \$1,445,107 and \$1,736,492, respectively.
- The Agency's net position decreased by \$291,385 in 2020 and increased by \$54,028 in 2019, as a result of 2020 and 2019 operations.
- The Agency's total revenues (operating and non-operating) were \$319,431 and \$605,070 in 2020 and 2019, respectively.
- The Agency's total expenses were \$610,816 and \$551,042 in 2020 and 2019, respectively.

### **OVERVIEW OF THE FINANCIAL STATEMENTS**

The statement of net position and the statement of revenue, expenses, and change in net position report information about the Agency as a whole and about its activities. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenue and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Agency's net position and changes in them from one year to the next. The Agency's net position, the difference between assets and liabilities, is one way to measure the Agency's financial health, or financial position. Over time, increases or decreases in the Agency's net position are one indicator of whether its financial health is improving or deteriorating. Consideration should also be given to other factors, such as changes in the Agency's fee income and the fluctuation of the Agency's expenses, to assess the overall health of the Agency.

### NOTES TO FINANCIAL STATEMENTS

The financial statements also include notes that explain the information in the financial statements. They are essential to a full understanding of the data provided in the financial statements.

# Management's Discussion and Analysis (Unaudited) December 31, 2020 and 2019

### FINANCIAL ANALYSIS

The analysis below summarizes the statements of net position (Table 1) and changes in net position (Table 2) of the Agency as of and for the years ended December 31, 2020, 2019, and 2018.

### Table 1 - Statements of Net Position (in thousands)

	<u>2020</u>	<u>2019</u>	<u>2018</u>
ASSETS:			
Current assets	\$ 1,379	\$ 1,395	\$ 1,583
Capital assets, net	552	565	585
Restricted and other assets	66	115	114
Total assets	1,997	2,075	2,282
LIABILITIES:			
Current liabilities	246	339	278
Long-term liabilities	306		322
Total liabilities	552	339	600
NET POSITION:			
Net investment in capital assets	236	239	210
Restricted	66	65	64
Unrestricted	1,143	1,432	1,408
Total net position	\$ 1,445	\$ 1,736	<u>\$                                    </u>

A large portion of the Agency's net position (79% in 2020, 83% in 2019, and 84% in 2018) is unrestricted and available to meet ongoing and future liabilities. The decrease in net position from 2019 to 2020 was related to increased expenses, mainly relating to a full year of employing the new Director of Business Development position, combined with a decrease in administrative fees revenue. The increase in overall net position from 2018 to 2019 was due to an increase in administrative fees generated during the year.

Long-term liabilities consist of the Agency's mortgage on its office building and continue to decline as payments are made. Additionally, this mortgage was refinanced in January 2020.

Overall, the Agency continues to report a positive net position.

Table 2 shows the changes in net position for the years ended December 31, 2020, 2019, and 2018.

## Management's Discussion and Analysis (Unaudited) December 31, 2020 and 2019

### Table 2 - Changes in Net Position (in thousands)

	<u>2020</u>	<u>2019</u>	<u>2018</u>
REVENUES:			
Administrative fees	\$ 270	\$ 579	\$ 149
Application fees	2	2	1
Other and interest income	 48	 24	 54
Total revenues	 320	 605	 204
EXPENSES:			
Salaries and benefits	426	355	323
Mortgage interest	17	19	24
Professional fees	36	48	47
Depreciation	22	23	27
Other general and administrative	 110	 106	 109
Total expenses	 611	 551	 530
Change in net position	\$ (291)	\$ 54	\$ (326)

Agency revenues decreased in 2020 as there were less projects that closed during the year, and overall, the projects were smaller than in 2019. Agency revenues in 2019 increased from 2018 due to an increase in the number of lease agreements, installment sales, and mortgage refinancing transactions that closed during the year.

In 2020, Agency expenses increased approximately \$60,000 or 11%. This was mainly related to a full year of employing a new position, the Director of Business Development, which was created at the end of 2019. In 2019, Agency expenses remained consistent with the year prior. 2019 expenses were within 4% of 2018 expenses.

### FUTURE FACTORS

No one was prepared for the devasting impacts of COVID-19 on public health and the economy. While we were focused on prevailing wage legislation and its impact on construction of economic development projects, COVID-19 shut down the regional economy for months in 2020 and severely impacted projects in the pipeline. Many of these projects will not rematerialize, but several others are active again as vaccinations increase and consumers become comfortable. Early indications are that there is pent up demand that should lead to more projects in 2021 and 2022.

Tempering development optimism is the enactment of legislation requiring prevailing wages to be paid on any project that receives state or local incentives continue to push for legislation at the State Level. This requirement is scheduled to go into effect January 2022 but may be delayed due to the State's economic picture. There are number of carve outs including historic tax credits, brownfield tax credits and affordable housing, but IDA incentives were not one of them. Previous analyses concluded that this provision would add approximately 20-35% percent to the cost of an economic development project upstate, so it is unclear currently how this will impact IDA deal activity.

## Management's Discussion and Analysis (Unaudited) December 31, 2020 and 2019

Years of planning efforts Town-wide focusing on redeveloping obsolete and under-utilized commercial and retail space appears to be finally leading to projects. Proposed projects at the Boulevard Mall and Amherst Central Park should start seeking approval in 2021. Infrastructure funding continues to be a factor that may impact the speed by which these areas develop.

In the other commercial real estate categories, it is still too early to ascertain COVID-19's impact on the existing office and industrial market due to remote work. When and how many workers return to the office will have a direct impact on vacancy and require strategies for repurposing properties that do not have market solutions for occupancy. Before COVID-19, these two sectors were experiencing a decline in vacancy.

### CONTACTING AGENCY'S ADMINISTRATION

This financial report is designed to provide citizens, taxpayers, customers, investors and creditors with a general overview of the Agency's finances and to show the accountability for the money received. If you have questions about this report or need additional financial information, contact the Town of Amherst Industrial Development Agency, 4287 Main Street, Amherst, New York 14226.

Net cash flow from operating activities	\$ (47,783)	\$ (144,102)

The accompanying notes are an integral part of these statements.

Notes to Basic Financial Statements December 31, 2020 and 2019

#### 1. AGENCY

The Town of Amherst Industrial Development Agency (the Agency) is a public benefit corporation created in 1973 in accordance with Article 18-A of New York State (the State) General Municipal Law for the purpose of encouraging financially sound companies to locate and expand in the Town of Amherst, New York (the Town). The Agency is exempt from federal, state, and local income taxes. The Agency is a discretely presented component unit of the Town.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Basis of Accounting**

The Agency's financial statements are prepared in conformity with accounting principles generally accepted in the United States as set forth by the Governmental Accounting Standards Board (GASB) for proprietary funds.

#### **Basis of Presentation**

GASB requires the classification of net position into three classifications defined as follows:

- Net investment in capital assets This component of net position consists of capital assets, net of
  accumulated depreciation, reduced by the outstanding balances of any bonds, mortgages, notes, or other
  borrowings that are attributable to the acquisition, construction, or improvement of those assets, if
  applicable. If there are significant unspent related debt proceeds at year-end, the portion of the debt
  attributable to the unspent proceeds is not included in the calculation of net investment in capital assets.
  Rather, that portion of the debt is included in the same net position component as the unspent proceeds.
- Restricted net position This component of net position consists of amounts which have external constraints placed on their use imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted net position This component of net position consists of net position that do not meet the definition of "net investment in capital assets" or "restricted."

When both restricted and unrestricted resources are available for use for the same purpose, the Agency uses restricted resources first and then unrestricted resources, as needed.

### Notes to Basic Financial Statements December 31, 2020 and 2019

#### **Nature of Activities**

• Industrial Development Revenue Bonds

Industrial development revenue bonds issued by the Agency are secured by the properties which are leased to companies and are retired by lease payments. The conduit debt arising from bonds and notes are not obligations of the Agency. The Agency does not record the assets or liabilities resulting from completed bond and note issues in its financial statements since its primary function is to facilitate the financing between the borrowing companies and the bond holders. The Agency receives bond administrative fees from the borrowing companies for providing this service. Such fees are recognized immediately upon issuance of the funds. At December 31, 2020, there were no tax-exempt bonds outstanding with an aggregate amount payable. There was one bond outstanding at December 31, 2019. See additional detail in the conduit debt footnote.

• Lease, Second and Collateral Mortgage Agreements, and Other Financing Programs

Lease agreements are used for projects when no financing is needed. Typically, the project is financed internally by the company or developer. Second and collateral mortgage agreements are a financing tool used only when there is a mortgage already on the property. There are typically two types of second mortgages available: (1) a fixed asset second mortgage which is used for tenant improvements and/or equipment when the builder/owner needs to borrow additional money; and (2) an equity asset mortgage which is used for permanent working capital when the borrower/owner borrows the appreciated value or equity in an existing building. There are a variety of other financing programs, such as equipment purchase mortgages, leasehold mortgages, installment sales, acquisitions, and expansions that the Agency offers to participating companies.

The Agency does not record the assets or liabilities resulting from these activities in its financial statements since its primary function is to arrange the financing. Funds arising therefrom are controlled by trustees or banks acting as fiscal agents. For providing this service, the Agency receives administrative fees from the borrowing companies. Such fees are recognized when earned.

### • Lease with Mortgage Transactions

Lease agreements with mortgages are used where financing is required but the borrower and lender do not want to enter into a bond transaction. In lease with mortgage transactions, the Agency signs the mortgage to subject its interest in the real property to the lien of the mortgage but does not execute and deliver a bond. The borrower company signs a note and joins in signing the mortgage with the Agency. Agency participation in the mortgage provides for the mortgage tax exemption. Agency policy has been to not take fee title to any additional real estate and instead for all new transactions involving real estate, the Agency takes a leasehold interest in the real estate which is sufficient to provide for real property tax abatement.

### Notes to Basic Financial Statements December 31, 2020 and 2019

#### • Payments in Lieu of Taxes

The Agency has entered into contractual arrangements with each of the client companies that have outstanding industrial development revenue bonds, whereby the client companies make payments in lieu of taxes to the Agency. Upon receipt of such payments, the Agency remits them to various taxing jurisdictions (Town of Amherst, County of Erie and various school districts) within the Town. The Agency typically does not reflect transactions regarding payments in lieu of taxes in its financial statements since its function in this area is to collect and remit the payment. The Agency does not charge a fee for this service. For the year ended December 31, 2020, the Agency collected \$4,073,448 of payments in lieu of taxes and remitted \$3,838,924 to the taxing jurisdictions. \$234,524 of these collections had not yet been remitted as of December 31, 2020; and therefore, this is reported as an amount due to Erie County Industrial Development Agency was \$4,113,874, which was less than the amount remitted of \$4,337,378, as the Agency remitted the amount that was due to Erie County Industrial Development Agency as of December 31, 2018.

#### **Related Parties**

The Agency is related to the Town of Amherst Development Corporation (the Corporation), a not-for-profit corporation, through common membership of its Board of Directors.

#### Cash

Cash includes cash on hand, demand deposits, money market funds, and savings accounts.

#### **Accounts Receivable**

Accounts receivable are shown gross, with uncollectible amounts recognized under the direct write-off method. Generally accepted accounting principles require the use of the allowance method for recording bad debts. However, the use of the direct write-off method is not materially different from the results that would be obtained under the allowance method. Amounts for which no payments have been received for several months are considered delinquent and when customary collection efforts are exhausted, the account is written-off.

### **Capital Assets**

Assets purchased or acquired with a useful life exceeding one year are capitalized. Contributed fixed assets are recorded at fair value at the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs for repairs and maintenance are expensed as incurred. The Agency depreciates assets on the straight-line basis over the asset's estimated useful lives ranging from 3 to 10 years.

#### **Revenue Recognition**

Operating revenue consists of revenue from fees earned on new projects when bonds are issued, mortgages are issued or a refinancing occurs. The Agency charges an amount equal to 1% of the project amount. For second mortgages, the Agency charges an administrative fee of .50%. For lease assignments and assumptions, the Agency charges an administrative fee of 1%. For the tax-exempt financing, the Agency charges an administrative fee of 1%. For the tax-exempt financing, the Agency charges an administrative fee of .50%. Fee income is recorded as revenue when the financing closes, regardless of when the related cash is received. For projects receiving a sales tax letter, 25% of the fee is recognized as revenue when the sales tax letter is issued. Fee income received prior to closing is recorded as deferred revenue. The Agency defines non-operating revenue as interest earnings.

### Notes to Basic Financial Statements December 31, 2020 and 2019

#### **Income Taxes**

The Agency is a not-for-profit public benefit corporation and is exempt from income taxes under the Internal Revenue Code.

#### Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

## 3. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS

The Agency's investment policies are governed by State statutes. In addition, the Agency has its own written investment policy. Agency monies must be deposited in Federal Deposit Insurance Corporation (FDIC)-insured commercial banks or trust companies located within the State and which have a branch office located within the Town. The Agency is authorized to use only demand deposit accounts and certificates of deposit. Collateral is required for demand deposit accounts and certificates of deposit insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities and school districts.

#### Cash

At December 31, 2020 and 2019, the Agency's cash was covered by FDIC insurance, or by eligible securities held in the Agency's name by a third-party custodial bank or by the bank's trust department. The Agency's deposits were insured and collateralized as follows at December 31:

	2020				2019			
		Bank	Carrying			Bank		Carrying
		Balance	Amount			Balance	Amount	
Demand Deposits	\$	21,215	\$	13,991	\$	72,473	\$	65,170
Time Deposits		1,425,977		1,425,977	_	1,389,666		1,389,666
	\$	1,447,192	\$	1,439,968	\$	1,462,139	\$	1,454,836
Covered by FDIC insurance	\$	337,521			\$	386,980		
Collateralized by third party		1,109,671				1,096,662		
Total FDIC insurance and collateral	\$	1,447,192			\$	1,483,642		

Restricted cash and equivalents at December 31 consist of the following:

	<u>2020</u>		<u>2019</u>
Funds restricted for mortgage escrow - cash on deposit -			
escrow accounts	\$ 66,306	\$	64,507

The Agency has also designated \$100,000 of unrestricted fund balance at December 31, 2020 and 2019 to be used for future investments.

### Notes to Basic Financial Statements December 31, 2020 and 2019

### 4. CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2020 was as follows:

	В	eginning					
	6	Balance		Increases	Decreases	Ending Balance	
Capital assets not being depreciated:		100.000			4		400.000
Land	\$	100,000	<u>Ş</u>	-	\$ -	\$	100,000
Capital assets being depreciated:

#### 5. RELATED PARTIES

As discussed further in Note 1, at December 31, 2019, the Agency had a \$50,000 non-interest bearing note receivable from the Corporation. In 2020, the Corporation repaid this note in full.

In addition, the Agency provides office space and personnel to the Corporation. The Corporation reimburses the Agency for the use of office space and personnel through its management fee from income received during the year. The Corporation paid \$40,000 in management fees to the Agency during the year ended December 31, 2020. There were no management fees paid to the Agency for the year ended December 31, 2019.

Notes to Basic Financial Statements December 31, 2020 and 2019

#### 6. DUE TO ERIE COUNTY INDUSTRIAL DEVELOPMENT AGENCY

As described in Note 2, the Agency collects and remits payments in lieu of taxes on behalf of various taxing jurisdictions. As of December 31, 2020, the Agency was holding \$234,524 of these payments collected. This money related to one specific PILOT agreement, for which there is a Memorandum of Understanding (MOU) with Erie County that stipulates Erie County can decide how this money should be used. There were ongoing discussions between the Agency management and parties to the MOU regarding the potential for the Agency to utilize this money toward projects in Amherst. As there had been no formal conclusion or agreement in regard to these discussions as of December 31, 2020, the amount held by the Agency is shown as an amount eligible for allocation per the terms of the MOU on the Statement of Net Position. As of December 31, 2019, the Agency was not holding any of the PILOT payments collected. As such, there was no amount due to Erie County IDA as of December 31, 2019.

#### 7. MORTGAGE PAYABLE

The Agency's mortgage with Key Bank (the Lender) amounted to \$316,821 and \$326,647 at December 31, 2020 and 2019, respectively. The mortgage is a direct borrowing. The original mortgage agreement stated that the mortgage bore interest at 6% per year and was payable in 60 monthly installments of \$6,225 comprising of principal and interest through December 31, 2014. At January 1, 2015, the interest rate adjusted daily to 2% above the Regular Fixed Advance Rate offered by the Federal Home Loan Bank of New York for instruments having a term of five years. The rate was never to fall below 6%. Payments were to be made in 60 monthly installments based on a 10-year amortization of the outstanding balance at January 1, 2015. A balloon payment for the remaining balance was due in January 2020 per the original agreement; however, in January 2020, the Agency refinanced its mortgage, extending the maturity date to January 1, 2040 with the remaining balance to be paid in 240 monthly installments of \$2,121 comprising both principal and interest. The interest rate is 4.75% until January 1, 2025, the first adjustment date, upon which time the interest rate will be adjusted.

The terms of the mortgage require the Agency to maintain a restricted deposit with the bank which amounted to \$66,306 and \$64,507 at December 31, 2020 and 2019, respectively.

The mortgage contains a provision that in the event of default, other than default due to bankruptcy proceedings or insolvency, the Lender has the right to declare immediately due and payable all unpaid amounts of principal and interest on this mortgage. Upon default related to bankruptcy or insolvency, the Lender's obligations shall be cancelled immediately, automatically and without notice, and all amounts outstanding under this mortgage, and all other sums payable at the time or, or as the result of, such declaration under this mortgage or any other document securing this mortgage, shall become immediately due and payable without presentation, demand or notice of any kind to Borrower. If any payment due under this mortgage (and without limiting Lender's other remedies on account thereof), a late charge in an amount equal to the greater of 5% of the monthly payment or \$25.

### Notes to Basic Financial Statements December 31, 2020 and 2019

The aggregate maturity of the mortgage payable for the years ending December 31 is as follows:

	P	Principal	Interest		
2021	\$	10,637	\$	14,819	
2022		11,154		14,303	
2023		11,695		13,761	
2024		12,263		13,194	
2025		12,858		12,598	
2026 - 2030		74,283		53,000	
2031 - 2035		94,152		33,130	
2035 - 2040		89,779		8,673	
	\$	316,821	\$	163,478	

Long-term debt relating to the Agency consisted of the following at December 31:

	Beginning Balance <u>2020</u>	<u>Increases</u>	<u>Decreases</u>	Due Within <u>One Year</u>	Long-Term Portion <u>2020</u>
Direct borrowing:					
Mortgage - KeyBank	\$ 326,647	\$-	<u>\$ (9,826)</u>	\$ (10,637)	\$ 306,184
	Beginning				Long-Term
	Balance			Due Within	Portion
	2019	Increases	<u>Decreases</u>	One Year	2019
Direct borrowing:					
Mortgage - KeyBank	\$ 375,696	<u>\$ -</u>	\$ (49,049)	<u>\$ (326,647)</u>	<u>\$ -</u>

Cash paid for interest amounted to \$17,262 and \$19,443 for the years ended December 31, 2020 and 2019, respectively.

### 8. CONDUIT DEBT

The Agency has issued revenue bonds on behalf of various organizations who are third-party obligors of the debt. Each of these revenue bonds will be solely paid back by the obligor and is only being disclosed as conduit debt by the Agency, as the Agency has no obligations to make payments on this debt.

The aggregate principal amounts outstanding as of December 31 for conduit debt issued by the Agency are as follows:

Project Name	Issued Date	<u>2020</u>	<u>2019</u>
6363 Main Street, Inc.	November 1994	\$	- \$ 3,672,420

Notes to Basic Financial Statements December 31, 2020 and 2019

#### 9. DEFINED CONTRIBUTION PLAN

The Agency sponsors a defined contribution pension plan covering all employees who are age 21 or older and have completed one year of service. Contributions to the plan are made by the Agency at the rate of 7.7% of the employee's compensation. Employees are required to contribute at least 3% but not over 10% of their compensation in order to receive the 7.7% Agency matching contribution. The total expense relating to the plan incurred by the Agency amounted to \$18,611 and \$18,260 during the years ended December 31, 2020 and 2019, respectively.

#### **10. COMMITMENTS**

The Agency had entered into an agreement with several other entities to stimulate economic development through debt or equity investment in technology start-ups in Western New York. This was done through the Western New York Business Development Fund. The agreement called for the Agency to make a maximum commitment to fund investments in the amount of \$150,000. At December 31, 2020 and 2019, the Agency had funded a total of \$50,000. This was accomplished by the Agency loaning the funds to the Corporation, which in turn made investments in local businesses. The Corporation repaid the \$50,000 note to the Agency in 2020.

#### 11. COVID-19

The United States is presently in the midst of a national health emergency related to a virus, commonly known as Novel Coronavirus (COVID-19). The overall consequences of COVID – 19 on a national, regional and local level are unknown, but it has the potential to result in a significant economic impact. The impact of this situation on the Agency and its future results and financial position is not presently determinable.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

March 1, 2021

To the Board of Directors of the Town of Amherst Industrial Development Agency

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Town of Amherst Industrial Development Agency (the Agency), a discretely presented component unit of the Town of Amherst, New York, as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements, and have issued our report thereon dated March 1, 2021.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Agency's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

100 Corporate Parkway Suite 200 Amherst, New York 14226 p (716) 250-6600 f (716) 250-6605

www.bonadio.com

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
